**Subject:** NC Radford Additional Engineers

Mr. McSorley and Mr. Spinks,

I work for Tom D'Agostino and I am the individual who is in need for additional engineers on the NC Radford project. Below is the listing of engineers we desperately need. Your assistance is greatly appreciated. We could use these engineers today if they were available.

12 Piping designer with Smart Plant experience  
3 Architectural//Structural Smart Plant Designer (incorporate ZAPATA design from RIVIT into Smart Plant)  
4 Pipe Support Design/Structural Engineers  
4 Senior Project Engineers - One per each area -(Nitration, Stabilization, Dewater/Blending, Utility&Site)  
1 Smart Plant Administrator

The following engineers will be needed to support field operations in the near future:

2 Piping Engineers with PE  
1 Mechanical with PE  
1 Structural with PE  
1 Instrument & Controls with PE

Sincerely,

**Gregory L. Hagerman**  
**Director Operations**  
**North America**
